To Colleen,

6-13-78

I really don't know what to say, cause I hate to start when I don't have anything to say. But here I go. To my very best friend, the very best friend someone could ever have. Colleen stay my friend cause you're one of a kind. You mean a lot to me, really you seem more my sister cause I tell you a lot of shit. We've had a lot of good times together, remember last summer, we really had a lot of fun, hopefully this summer we can go to the beach more often, go to Knotts or Disneyland. (By ourselves.) Hopefully this summer I can get a job & we can go to town. You know something when you started going with Kim & Sherry at lunch I thought I had lost your friendship, but summer's coming & Kim & Sherry can suck of cause you're coming to my house. We will stay friends for a long time I know, because look how long we have been friends, when we get out of this school maybe we can get an apt. together & throw parties all the time, we'll smile guys like the ones we happen to be going with at the time. (WOW) But that's when we get out of here.

RESERVED

for that special someone

until then because you don't need to be hurt like I was

You better not do anything

Wrestling C.I.F.

This was one of Santa Fe's best years. We were totally undefeated in both dual matches and tournaments and qualified 13 out of 13 for C.I.F.

Santa Fe won four of the best tournaments in California. Santa Fe placed 6th in C.I.F. and 16th in the whole State.

Dan Mather was 4th in the State, the highest place every by a Whitmont League Representative.

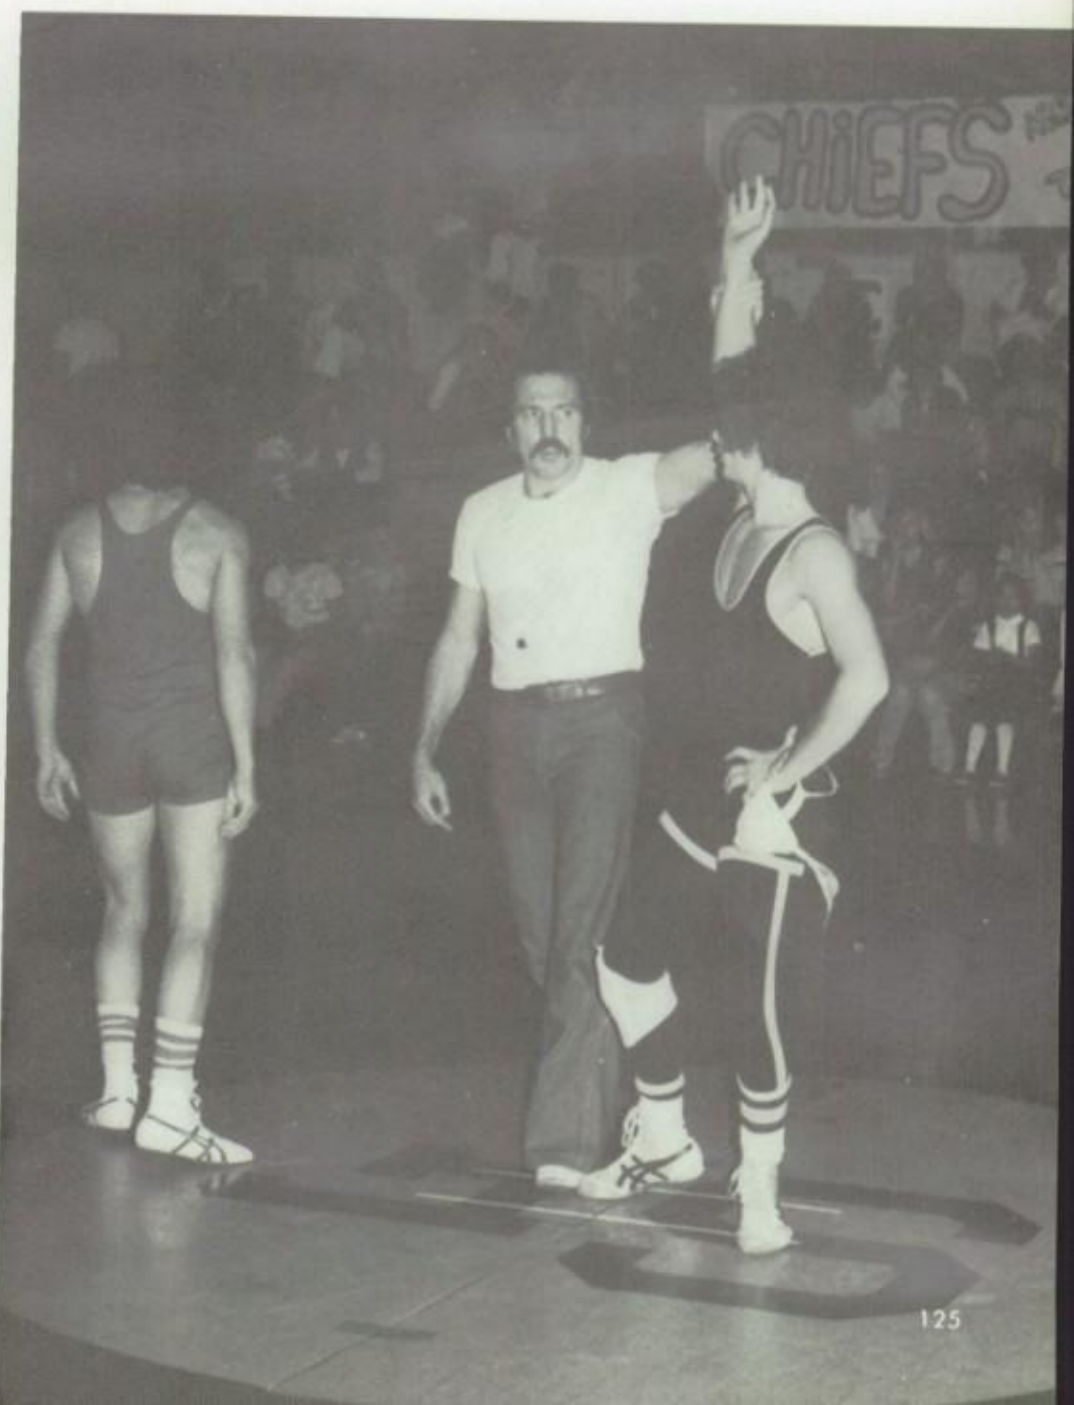

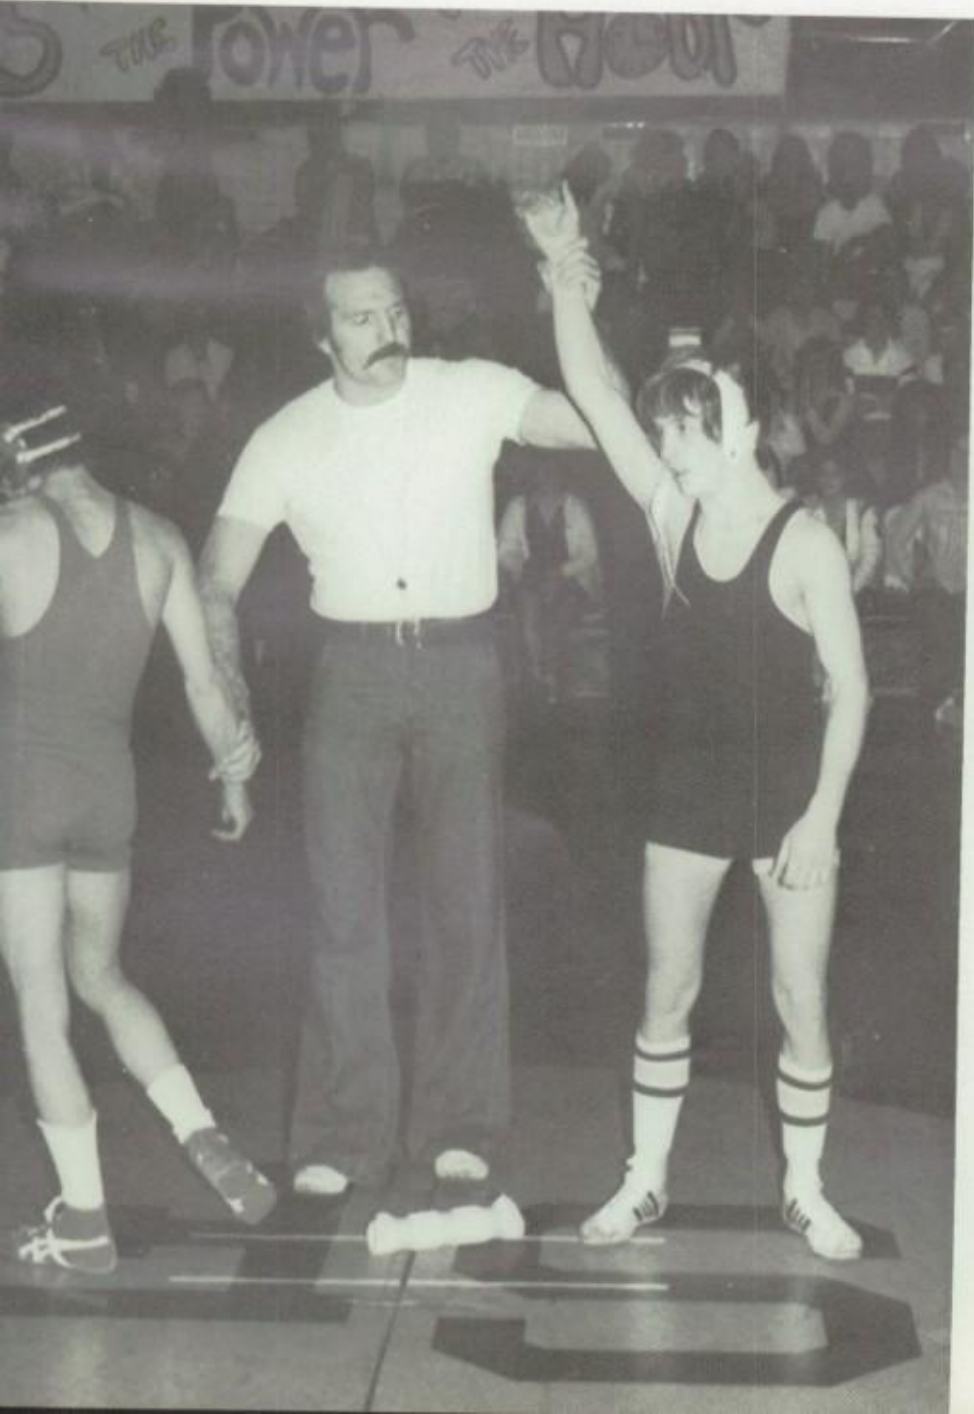

Santa Fe was League champion for the 7th time in a row having never lost in league.

We are also in line for a National record for the high school team that has won by the largest margin in the Nation.

Four of our six C.I.F. qualifiers will be returning for the 1978-1979 season.

Our Gymnasts
at Their Best

STEVE RICO, 1978 All-Around Varsity Gymnast has accomplished more in Gymnastics in the past two years than any other gymnast has ever done for Santa Fe High School. He has broken every school record (except one) in the past two years.

Steve is fully dedicated and devoted to his sport. He works out one or two hours more than most other gymnasts. He's the type that will go an extra mile to perfect his skills, he won't settle for second best.

Steve likes to set goals. If he sees a skill that will improve his performance, he works until he masters it. Right now he has two big goals in sight. He wants to be the all-around league champion and the C.I.F. all-around champion. Of course, it doesn't end there. He has his sights set on college competition, then to the Olympics, and who knows beyond there.

Below are the records that he set as a Junior, last year. Undoubtedly, he will break them all this year.

SCHOOL RECORDS

High Bar — 8.95, 1977

Rings — 8.80, 1977

Parallel Bars — 8.25, 1977

Free Extensions — 8.40, 1977

Pommel Horse — 7.10, 1978

All-Around — 46.65, 1977

In almost all sports athletes such as Steve only come around about every ten to fifteen years. We are fortunate to have him with us now. We wish him the best of success in his future and endeavors to reach those goals that he is so diligently striving to achieve.

Coach Panezich

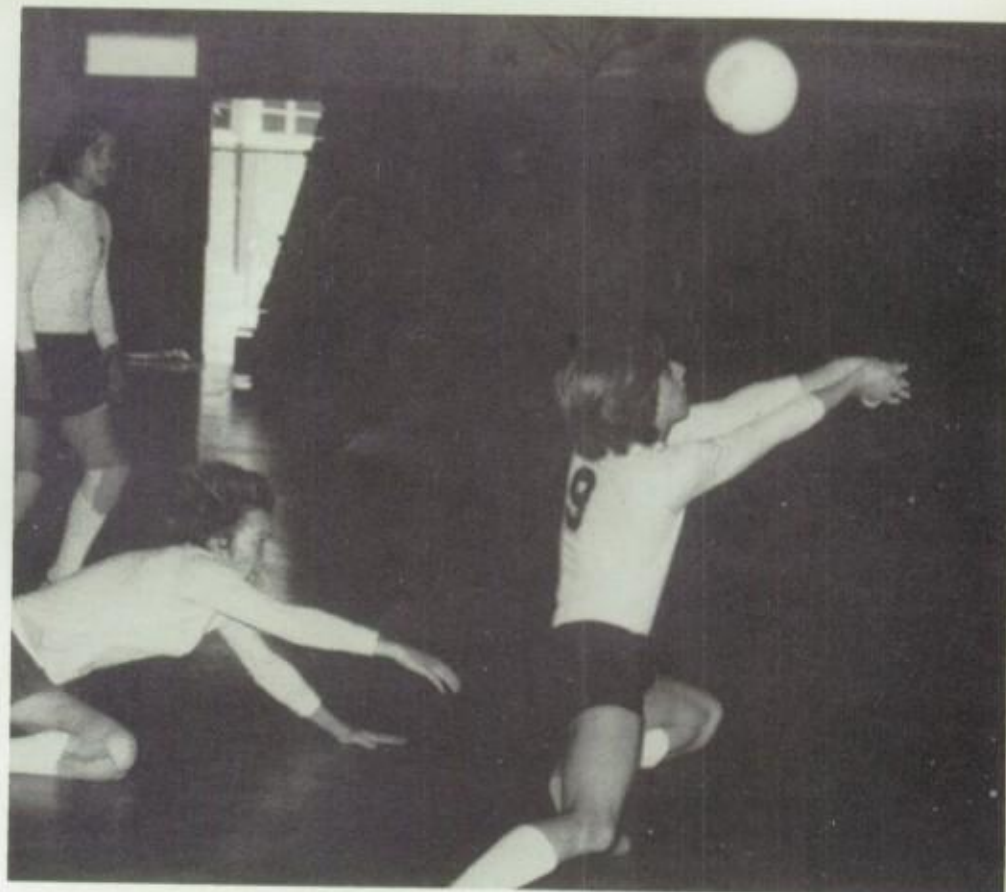

After last year's winning season (7-3) this year's golf team will set another record. Last year's team was the first with a winning season. This year's team has to date not lost a match and has a very good chance of winning the Junior Varsity league Championship.

Dan Mather

Dan Mather is one of the best athletes Santa Fe has ever had. Dan could play on any team we have and with little effort could be the best on that team. In all my coaching I have only seen one other guy with this talent — Jose Gonzales. Dan is very dedicated which most people do not see because he is always acting crazy.

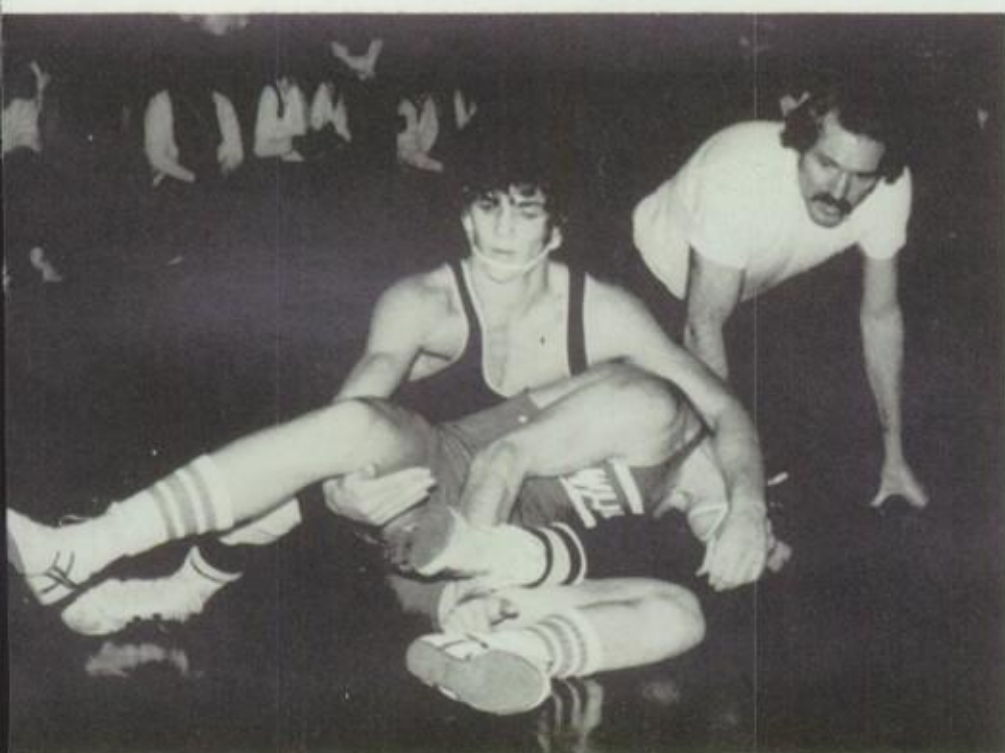

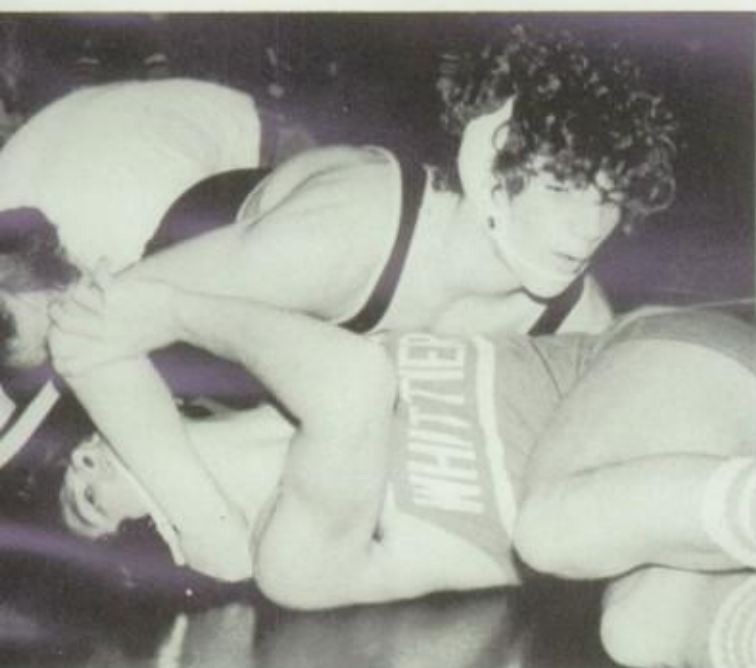

As for his future career it would be possible to see him in the next Olympics.

Dan didn't start Wrestling until his Sophomore year. How good would he have been if he started in his Freshman year?

As a person it has been a pleasure knowing and working with him these last few years.

As a Captain he has been like an assistant coach. He sees problems and can teach moves as well if not better than I. He will really be missed as a Wrestler, Captain, and friend.

MARY MOTAH

Mary Motah

Mary Motah is one of the most outstanding athletes, male or female, that Santa Fe has ever had. Highly versatile, she has participated in three sports during her years here: tennis, basketball, and volleyball. Her freshman year she was a member of the varsity tennis team. She played varsity basketball all four years at Santa Fe, was All-League three years, participated with the team in C.I.F. playoffs her junior year, and is captain of the team this year, as well as last. Of all her athletic achievements at Santa Fe, perhaps the most noteworthy have been in volleyball. She has been involved with the sport as a member of the junior varsity team her freshman year, and varsity team her remaining three years. She has been to the C.I.F. Volleyball Championships three years in a row, and this year led the Chiefs to their third straight C.I.F. victory as captain of the team. Mary Motah truly deserves the honor of being named "Athlete of the Year."

And the Famous "Oreo"

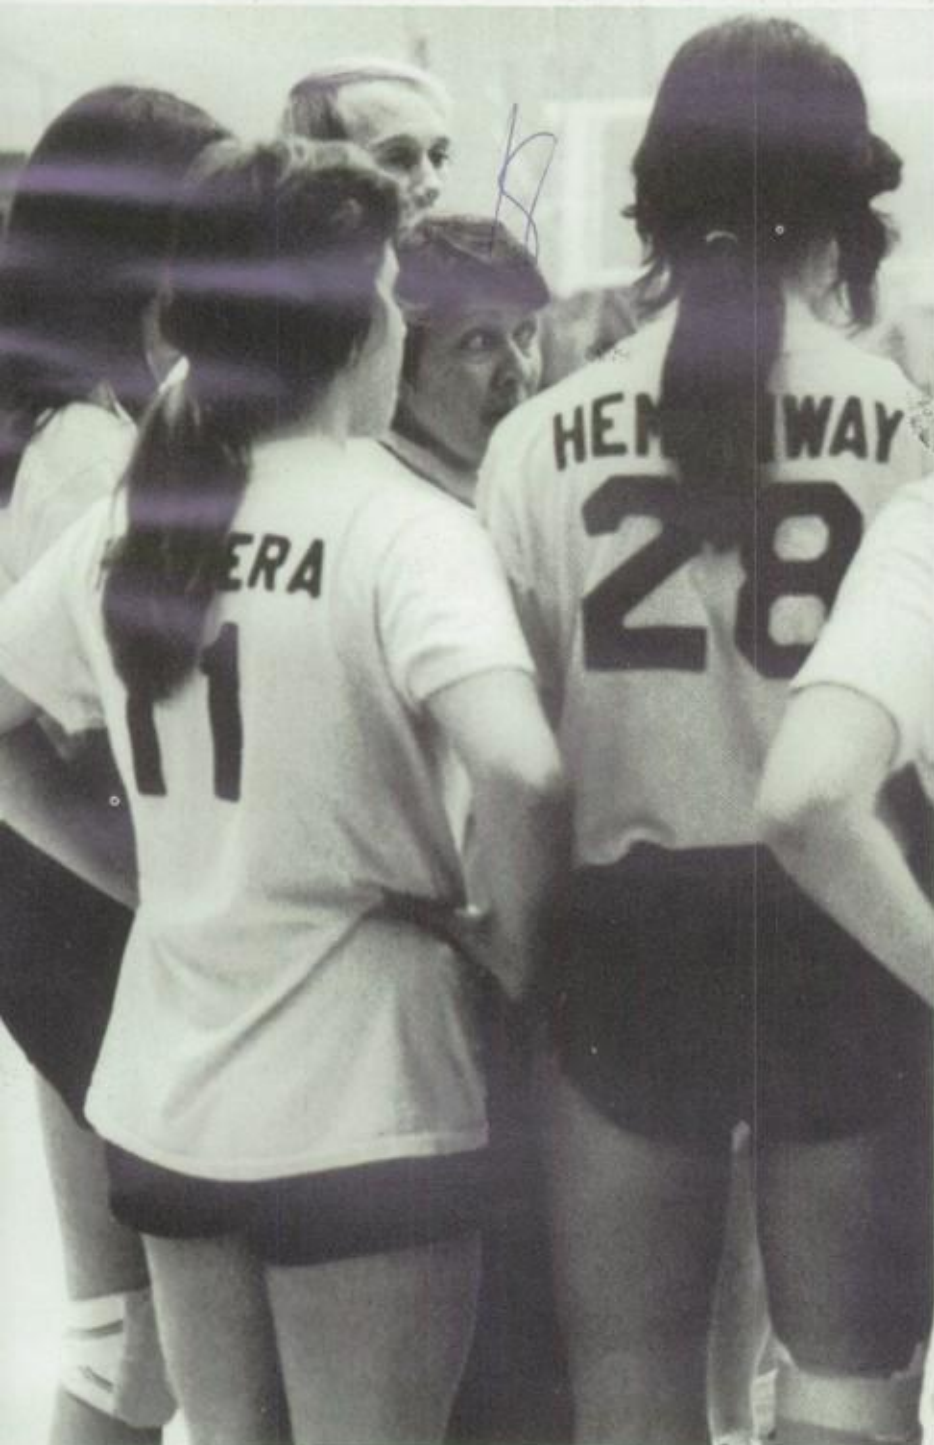

The Santa Fe Volleyball Team is more than just a group of girls who learn volleyball skills, practice them daily and put them to use in competition. It is more than a group of girls stringing together an amazing win streak. The best of any team in any sport. It is more than girl after girl being honored as an individual for outstanding play on the court. It is more than being Number One for three years in a row.

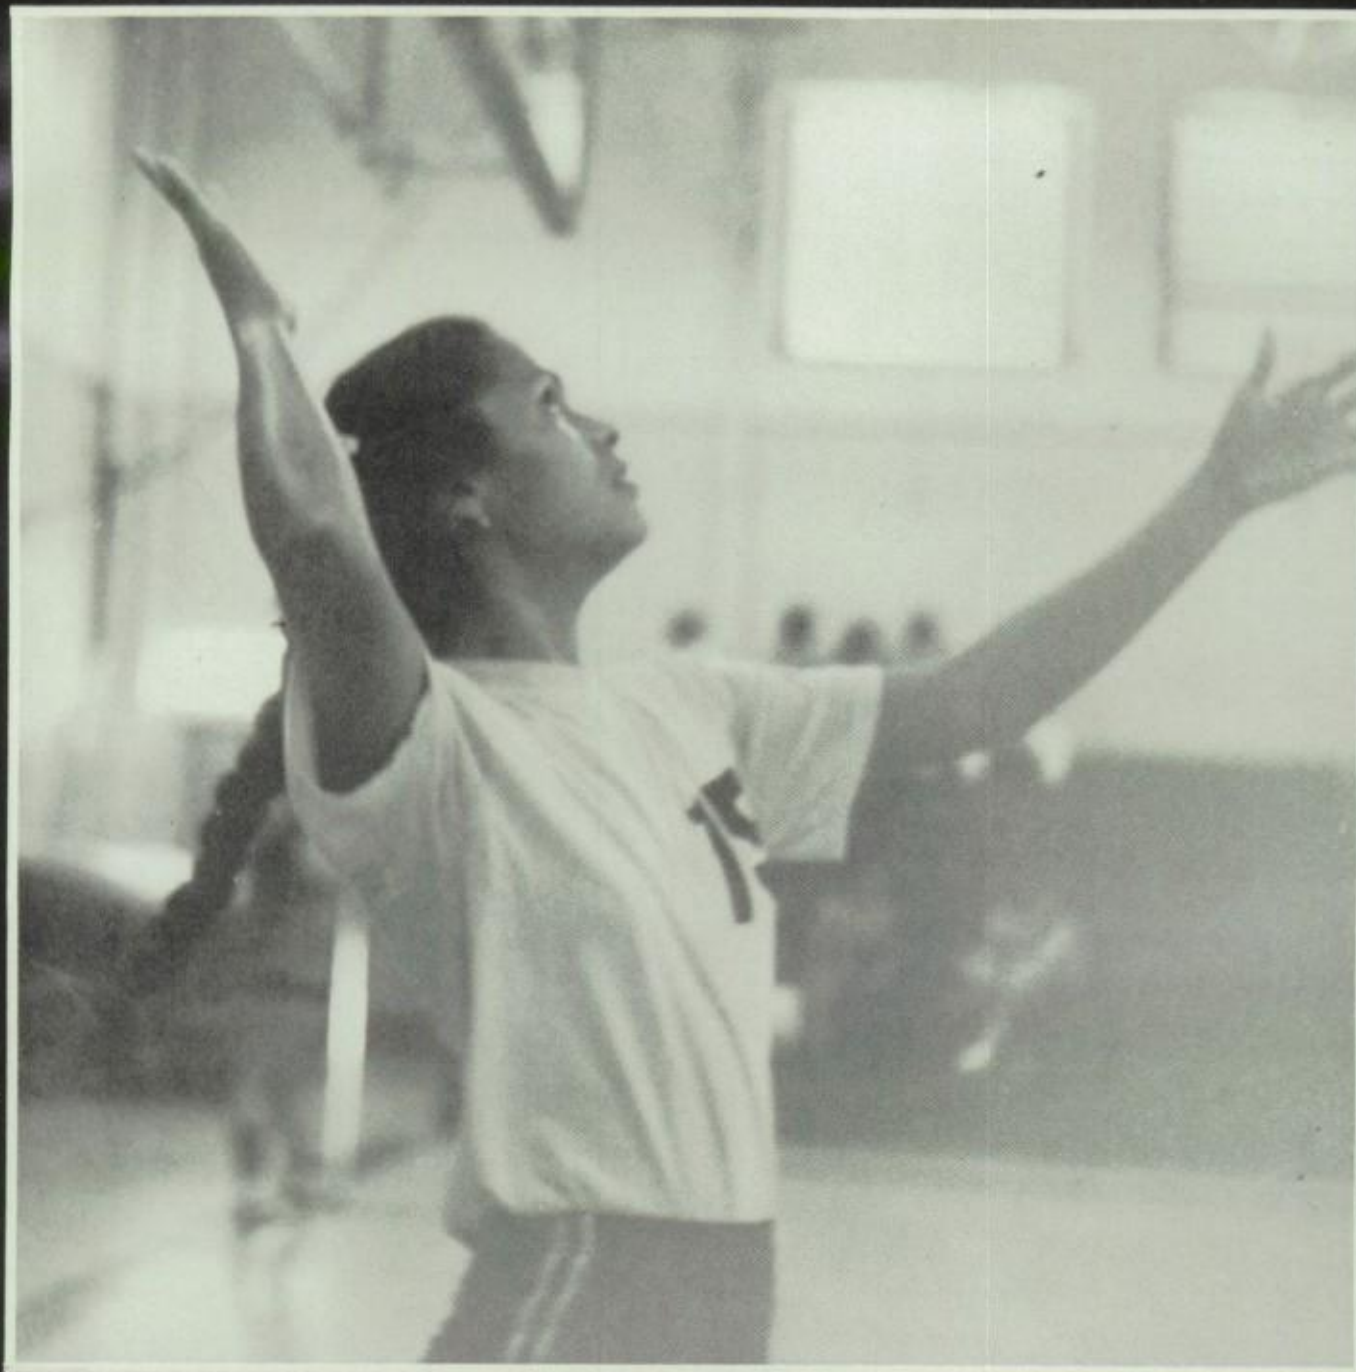

The Santa Fe Volleyball Team is a team working hard together, learning to share, relying on and giving strength to each other. It is the Varsity, a team that sets high goals and achieves at maximum levels. It is the Oreos, Mary, Teresa and Chris, leading the way and providing the example. It's Liz asking to play when one ankle won't hold her up, Roxane working hard, even with a cast on her arm, and Cathy coming in to spark for defense. It's the freshman Susie quietly listening and learning. And it's the JV's, also league Champions who work along side the Varsity, preparing themselves for their day in the spotlight. It is a team that can be an example to its peers, showing what is possible through dedication and discipline and how athletics can open up opportunities on many avenues. It is a group of young ladies who make their coach feel confident in the future.

In Memory of Byron Grater

The senior member of the Santa Fe staff, Byron Grater was highly regarded by both students and fellow teachers. He had been at Santa Fe since 1959, having taught for many years prior to that in his home state of Indiana. He was positive in his outlook, loved teaching, and looked forward to several more years in the classroom. He was a man of friendliness and good humor, with the influence of the midwest in his language, thoughts, and actions.

Byron's special contributions to our students, in addition to his regular teaching, were his many years of behind-the-wheel Driver Training instruction and his coaching of tennis, wrestling, and basketball teams. Until his illnesses this year, and last, Byron was rarely absent from school. His absence will be felt by all of us.

In Memory of Paul Holland

A quietly devoted man who loved his work. Though he had reached an age when most teachers have retired; he chose to continue. When asked why, he always responded, 'I can't think of anything else I could do that I would enjoy more than working with young people.'

Paul Holland was unassuming, gentle, and understanding of others' needs. His special contribution to the education program: serving children with exceptional educational needs. Paul was one who crept quietly into the hearts of those who knew him well and remained there hidden in a special place. All of us will feel his loss . . .

To Mr. Jack Dandridge

It is with mixed emotions that we say good-bye to Mr. Dandridge. Since becoming Assistant Principal for Business and Activities in 1960 he has displayed the personal qualities of being a good friend and confidant to many students. His door has always been open to anyone with a problem. The student body officers who have worked alongside him will always hold him in deep regard. He has been their friend as well as their advisor. His leadership qualities have been extremely valuable to the A.S.B. cabinets when they plan the yearly school activities. Different A.S.B. Cabinets have different memories of Mr. Dandridge

Do you remember?

Graduation at Cerritos College Stadium

Light bulb sales

When Activities had two 4/4 girls

Camp Sturtevat where everyone had to walk 5 miles to camp.

Students were worried that Mr. D. couldn't make it — And he out-hiked everyone else.

Santa Fe's one and only Carnival

The Time Capsule

Staying up all night at Camp Colby

Foreign Exchange Students

Although his presence on the campus will be sorely missed, we wish him happiness as he enjoys the retirement he has been anticipating.

Hello
Collection

. . . An Echo Through Time

(Cont from front (65))

If any guy ever hurts you, you just tell
me cause Colleen you know I have been
through some pretty hard times & you don't
deserve that. Colleen I was treated like
shit & that's not right. And when you get
involved with guys, they're out to get you
& Colleen don't let them. I know I must
sound all proved out but, this girl has been
hurt too many times. Well I better get off that
subject & talk about something else. Colleen
you're really a special person to me & hope we
can stay friends for along time. I really don't
know what I would do without you cause
I tell you problems & things that I don't
tell anyone else. I hope you won't ever
tell anyone my secrets. I hope you tell me
your secrets too because Colleen what you
tell me never passes me. Colleen I want you
to know I love you like a sister. Well I better
go now cause I am going to run out of
room. Well just take care of yourself &
~~god~~ Bless ya Cootie Bug!

Remember Keep in touch!
